Subject: Call for Interactive Whiteboard Proposals

I wanted to drop a note letting everyone know a little about the process to request a username and password for things like:

Email, network, AIMSweb, Study Island, etc.

Basically when you discover that you are having a problem logging in to one of the resources mentioned above and need to have your username and password reset or re-issued you can work through the Computer Aide in your building, or you can call or email Paula DiLorenzo at 516-612-7620 / pdilorenzo@vs30.org.

Please keep in mind that Paula DiLorenzo is only in the office between the times of 9:30 and 1:00. Therefore please note that it can take up to 24 hrs to get you the access from the time of request.

As with many things being proactive is better than reactive. So in the spirit of proactive maintenance I am asking that all teachers maintain their passwords in a secure and reliable manner.

Thanks for all your help!
