Subject: Web Works

Dear Parents and Guardians,

The Technology Department of Valley Stream District 30 has recently created a wonderful resource that can be accessed through the Valley Stream 30 website.

This resource "Webworks" will provide your child the opportunity to continue developing and strengthening the skills they have learned through-out the school year.

Subject areas include Math, Language Arts, Science and Social Studies and are divided into grade levels. To access "Webworks" you need to:

- Log on to <http://www.valleystream30.com>
- Click on Parents tab
- Click on Webworks
- Select subject area
- Go to website of your choice

Please encourage your child to use this resource throughout the summer to maintain the valuable skills and concepts he/she has learned.

The mission of Valley Stream District Thirty, through collaboration with parents and community partners, is to educate all students to their highest levels of performance in nurturing learning environments that are safe, inclusive, and student centered.
