A Message From the Administrators...

Parent/Teacher Conferences were huge success here Shaw Avenue School. We were so excited that so many parents were able to attend. As we walked through the hallways it was apparent that you were very eager to gain information about your child/children and to share information as well. Shaw Avenue's parents and families came out in large numbers with 86% in attendance for conferences. Thank you for your continued support. Together we will make a difference in the lives of the students at Shaw Avenue School.

Information Needed

To all 6th grade parents,
If you have any pictures from events of your child's 5th grade year including Field Day June 2009, the Sixth Grade Committee would like you to share them for the yearbook. Pictures can be submitted in an envelope labeled with your child's name to the PTA mailbox or emailed to shawave6@gmail.com. Thank you for your assistance.

The Sixth Grade Committee

Did You Know?

The first full week of December is National Hand Washing Awareness Week. Student Council has been discussing ways of informing our school community about the importance of hand washing. They have worked to create signs to encourage students to practice the 4 Principles of Hand Awareness with the purpose of promoting prevention of illness and remaining healthy. If you would like to learn more information about this very important week, please check out the following website: www.henrythehand.com.

Health First!

There will be a Valley Stream Free Vaccination Clinic available to you and your family Tuesday, December 15, 2009, at Central High School Auxiliary Gym from 6 p.m. - 10 p.m.

Nassau University Medical Center in conjunction with the Nassau County Department of Health is offering, free of charge, H1N1 vaccinations to all community residents. Individuals under age 18 must be accompanied by a parent or guardian. Parking is available in the north parking lot and on the street.

Take advantage of this great opportunity for your child and family to receive a free vaccination.
